Inauguració del 2on Simposi Internacional [IDEOLING2. Language Ideologies and Attitudes](https://ideoling2.org/) [<https://ideoling2.org/>].

Following the successful experience of the first Ideoling conference held in October 2024 at Universitat de les Illes Balears, the Second International Symposium on Language Ideologies and Attitudes (IDEOLING2) will be held at Universitat de Lleida from October 7 to 9, 2026.

The conference aims at fostering knowledge in the complementary fields of sociolinguistics, applied and educational linguistics, and pedagogy, by focusing on ideologies of language in all their manifestations, with a clear intention to shed light on both the dynamics of minority and minoritised languages and the roles of lingua francas (and especially English) in multilingual contexts.

Invited speakers for IDEOLING2 will be:

Rob	Lowe	/	Ochanomizu	University
Nicola	McLelland	/	University	of Nottingham
Joan	Pujolar	/	Universitat	Oberta de Catalunya
Nicos Sifakis	/ University of Athens
