

APROXIMATE AMOUNT, PICER 2025-26

For the 2026-27 academic year, prices are not expected to change.

To calculate the amount of the master's degree tuition, it must be taken into account:

- The number of credits to enroll in first, second, third and fourth time.
- Rates and insurance.

Check the situations that allow you to enjoy **exemptions and discounts** [</sites/universitat-lleida/en/serveis/aga/exemptions-bonificacions-masters/>] on official prices, and the **surcharges** [[#Rec_recs](#)] too enroll in the same subject by second and successive times.

Surcharge for second and successive times enrollment:

In accordance with the decree setting the prices of academic services in public universities of Catalonia, when a student enrolls for the second and successive times of the same subject, the price of the credit will be the result of applying these coefficients at the price of the base credit on which this surcharge was applied the previous year:

	2nd registration	3rd registration	4th registration
Master's degrees that provide professional qualifications	21,35 €	47,34 €	65,55 €
Non-professional Masters	32,92 €	51,84 €	71,76 €
